OPTIMAE EXPANDS NURSE IN THE HOUSE PROGRAM TO CENTRAL IOWA COUNTIES

JUNE 6, 2015 (DES MOINES, IA) – Optimae LifeServices, Inc. announced today the expansion of its home health care division into eight counties in Central Iowa, providing Iowans increased access to care in the region.

The Iowa Department of Inspections and Appeals recently approved Optimae's Nurse in the House program to provide nursing and home health aide services to patients in Polk, Story, Dallas, Boone, Jasper, Madison, Warren and Marion counties. Nurse in the House also offers physical, speech and occupational therapy, as well as medical social work services.

The Central Iowa program is nationally accredited through the Community Health Accreditation Program.

"There is a huge need for home healthcare and it's only going to grow," said William Dodds, President of Optimae LifeServices. "This expansion helps us to better meet that need by offering the highest quality of services possible to residents in Central Iowa."

Optimae started Nurse in the House in 2007 in six Southeastern Iowa counties, allowing residents in rural Iowa greater access to home health care services. The program currently serves 14 counties in Southeastern Iowa.

About Optimae LifeServices

Optimae LifeServices, Inc. provides healthcare and human services for individuals with disabilities and mental illness in 25 Southeastern and Central Iowa counties. For nearly three decades, we have equipped our customers with supports and services that encourage choice, empowerment and community integration. Our programs include community-based, behavioral health, home health and residential care services. We advocate for the rights and needs of approximately 5,000 Iowans each year, providing the quality of care we would want for our own family.
