OPTIMAE NAMED AS TOP WORKPLACE BY DES MOINES REGISTER

SEPTEMBER 15, 2016 (DES MOINES, IA) – Optimae LifeServices was named Thursday as one of Iowa’s top 150 workplaces in 2016 by the Des Moines Register.

The Top Workplaces lists are based solely on the results of an employee feedback survey administered by Workplace Dynamics, a leading research firm that specializes in organizational health and workplace improvement. Several aspects of workplace culture were measured, including Alignment, Execution, and Connection, just to name a few.

“This accomplishment is a reflection of our ongoing commitment to our core values and mission, which represent not only how we treat our customers but also our employees,” said William Dodds, Optimae president and chief executive officer. “Every day our staff put their hearts into providing the best services possible to our customers, and we strive to be at their side and on their side supporting them every step of the way.”

Optimae serves approximately 3,900 individuals with mental and physical disabilities from 36 counties in Southeastern and Central Iowa.

This is the third time in five years the company has received the award. It earned the distinction in 2011 and 2012 after participating in the employee feedback survey. Optimae did not take part in the program from 2013 through 2015.

“The Top Workplaces award is not a popularity contest. And oftentimes, people assume it’s all about fancy perks and benefits,” said Doug Claffey, CEO of Workplace Dynamics. “But to be a Top Workplace, organizations must meet our strict standards for organizational health. And who better to ask about work life than the people who live the culture every day—the employees.

“Time and time again, our research has proven that what’s most important to them is a strong belief in where the organization is headed, how it’s going to get there, and the feeling that everyone is in it together. Without this sense of connection, an organization doesn’t have a shot at being named a Top Workplace,” he said.
